The Annapolis Valley Regional School Board is committed to the provision of healthy learning and working environments for students and staff. The School Board recognizes that vehicle exhaust fumes contribute pollution to the environment. Unnecessary vehicle idling increases pollution which contributes to adverse effects on the environment and the health of individuals. In addition, it is a proven fact that turning off a vehicle engine rather than idling saves fuel and is not detrimental to the vehicle's operation. The School Board believes that no vehicles should be idling on school property.

**Monitoring:**

- The Director of Operations is responsible for the implementation, monitoring and revision of this policy.
- This policy will be monitored annually.
